

## DATA SHEET

# COUPLER AND PLC MODULE

### DESCRIPTION

High performance PLC Splitter with very low insertion loss used mainly in access Fiber to the Home applications, available in LGX or customized module format factor.

### KEY FEATURES

---

Wide operating bandwidth and temperature range

---

Low insertion loss and PDL

---

High stability and high reliability

---

### APPLICATIONS

---

PON, GPON

---

FTTH

---

LAN/WAN System

---

CATV System

---
