

Carafe Closure

A More User-Friendly Tamper Evident Solution

Your product will stand out on the shelf with Jabil's Carafe Closure. With a wide finish and improved grip design, the Carafe Closure is easy to open and close for everyone.

We've taken the popular carafe closure and incorporated a molded-in, visible tamper-evidence band. This eliminates the need for costly seal liners and provides easy visible tamper-evidence without having to pick-up the product from the shelf. The Jabil Carafe Closure is the perfect companion for juice, cold brew, dairy, iced tea and more.
